| III – Performance Improvement                           | 70   |
| IV – Definitions  | 71   |

# **EXECUTIVE SUMMARY**

The provisions of Family Code (FC) sections 17600(b), 17600(c), 17600(g) and 17602, requires the Department of Child Support Services (DCSS) to report annually and semi-annually to the Legislature on the status of the Child Support Program and performance of local child support agencies (LCSAs). Section I of this report provides detailed state and local level information on performance measures. Section II provides data for program costs and program administration. This report covers the performance results for Federal Fiscal Year (FFY) 2019 which ended on September 30, 2019.

Beginning on January 1, 2001, DCSS established Child Support Program performance standards consisting of the federal and state measures to enable uniform assessment of performance at the local, state, and national levels. The performance measures are a means to effectively and continuously monitor, evaluate and improve the performance of the Child Support Program. This report provides an historical comparison of FFY 2015 through FFY 2019 for the federal and state measures.

## Federal Performance Measures

- Paternity Establishment
- Child Support Order Establishment
- Collections on Current Support
- Collections on Arrears
- Cost Effectiveness (collections compared to program cost)

### State Performance Measures

- Percent of Cases with Collections of Current Support
- Average Amount Distributed per Case with a Collection
- Percent of Cases with a Support Order Established During the Report Period
- Percent of Cases Requiring a Support Order with Alleged Fathers or Obligors Served with a Summons and Complaint
- Percent of Cases with Support Orders Established with Medical Support Ordered and Provided
- Comparison of Received Complaints to Cases (customer service)
- Total Direct Costs of Administering the LCSAs, including share of costs, and incentive funding received by each county (see Section II, Program Administration)
- Total Indirect Costs of Administering the LCSAs, including share of costs, and incentive funding received by each county (see Section II, Program Administration)

FC Section 17600(c)(4)(A) directs DCSS to report annually on the *direct* costs of the program, broken down further by total employee salaries and benefits, and a list of the number of employees broken down by job classification. FC Section 17600(c)(4)(B) mandates DCSS to also report annually on the *indirect* program costs, showing all overhead charges. Section II, Program Administration, addresses both direct and indirect costs in compliance with these requirements. In accordance with the requirements of FC Section 17602, Section III contains information regarding the establishment of individual LCSA performance goals and performance improvement plans.

# I. CHILD SUPPORT PERFORMANCE OVERVIEW

# **Statutory Requirements**

This report satisfies the requirements of FC Sections 17600(c) and 17600(g) for an annual report of data compiled on California's Child Support Program.

#### **Performance Measures**

California measures Child Support Program performance based on a combination of federally mandated measures and state developed measures in the following areas:

### Federal Performance Measures

- Paternity Establishment Percentage (PEP)
  - Statewide PEP
  - o IV-D PEP
- Percent of Cases with Support Orders Established
- Percent of Collections on Current Support
- Percent of Cases with Collections on Arrears
- Cost Effectiveness

## State Performance Measures

(Exclusive of total cost, direct cost, indirect cost and Full Time Equivalent (FTE) data reported in Section II of this report.)

- Percent of Cases with Collections of Current Support
- Average Amount Distributed Per Case with a Collection
- Percent of Cases with a Support Order Established During Report Period
- Percent of Cases Requiring a Support Order with Alleged Fathers or Obligors Served with a Summons and Complaint
- Percent of Cases with Support Orders Established with Medical Support Ordered and Provided
- Comparison of Received Complaints to Cases

The Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (PRWORA) implemented an incentive funding system based on Federal Performance Measures. The intent of the incentive funding system is to use specific performance measures to gauge the program's success in achieving federally set goals and objectives, and to reward states for achieving these goals. States must meet a minimum threshold for each performance measure to earn incentive payments. Failure to meet a threshold not only disqualifies a state from earning incentive payments on that measure but may also subject the state to penalties on its Temporary Assistance to Needy Families (TANF) block grant.

The State Performance Measures, including total cost, direct cost, indirect cost and FTE data in Section II, were established by California to monitor aspects of the Child Support Program not covered by the Federal Performance Measures, giving DCSS additional insight and indicators to measure program accomplishments.

### **Performance on Federal and State Measures**

California continued to exceed the minimum performance threshold for all five Federal Performance Measures in FFY 2019 as detailed on pages 6 through 29.

The California Child Support Program performance measures and performance outcomes updated through FFY 2019 are summarized in the following tables.

| Summary of Federal Performance Measures  |          |          |                   |  |  |  |  |  |
|--|----------|----------|-------------------|--|--|--|--|--|
| Year-to-Year                             | FFY 2019 | FFY 2018 | Percent<br>Change |  |  |  |  |  |
| Statewide PEP                            | 93.8%    | 93.6%    | 0.2%              |  |  |  |  |  |
| IV-D PEP                                 | 101.5%   | 101.8%   | -0.3%             |  |  |  |  |  |
| Cases with Support Orders<br>Established | 92.1%    | 91.6%    | 0.5%              |  |  |  |  |  |
| Collections on Current Support           | 66.6%    | 66.5%    | 0.2%              |  |  |  |  |  |
| Cases with Collections on Arrears        | 66.7%    | 66.8%    | -0.1%             |  |  |  |  |  |
| Cost Effectiveness                       | \$2.51   | \$2.52   | -0.4%             |  |  |  |  |  |

The State Performance Measures (displayed on pages 30 through 54) for FFY 2019 reflect improvements in four of the six state measures.

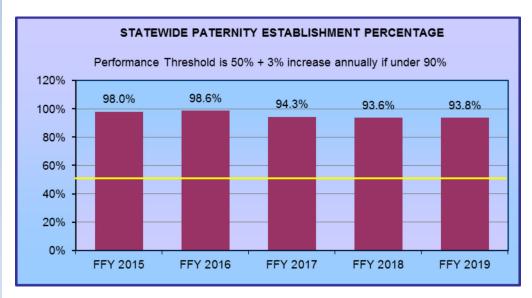

| Summary of State Performance Measures  |          |          |                   |  |  |  |  |  |
|--|----------|----------|-------------------|--|--|--|--|--|
| Year-to-Year   | FFY 2019 | FFY 2018 | Percent<br>Change |  |  |  |  |  |
| Percent of Cases with Collections of Current Support                                       | 82.1%    | 82.3%    | -0.2%             |  |  |  |  |  |
| Average Amount Distributed Per Case with a Collection                                      | \$3,601  | \$3,494  | 3.1%              |  |  |  |  |  |
| Percent of Cases with a Support Order Established During Report Period                     | 34.9%    | 33.9%    | 2.9%              |  |  |  |  |  |
| Percent of Cases with Alleged Fathers or Obligors Served with a Summons and Complaint      | 30.8%    | 29.6%    | 4.1%              |  |  |  |  |  |
| Percent of Cases with Support Orders Established with Medical Support Ordered and Provided | 38.9%    | 39.7%    | -2.0%             |  |  |  |  |  |
| Complaints Received  | 882      | 974      | -9.4%             |  |  |  |  |  |

# FEDERAL PERFORMANCE MEASURES

# STATEWIDE PATERNITY ESTABLISHMENT PERCENTAGE

The Federal Performance Measure for the Statewide Paternity Establishment Percentage (PEP) measures the ratio of the total number of children for whom paternity has been established or acknowledged during the current FFY to the total number of children born out-of-wedlock in the state during the prior year, expressed as a percentage.<sup>1</sup> This calculation uses the number of children, not the number of cases. A paternity can only be counted once, either when a voluntary acknowledgement is filed, or at the time a court order determining paternity is established.

For incentive calculation purposes, states can choose whether to have their paternity establishment percentage evaluated using one of two measures: IV-D PEP or Statewide PEP. DCSS elected to use the Statewide PEP measure. This report also includes the IV-D PEP measure on page 10.

In FFY 2019, Statewide PEP was 93.8 percent, an increase of 0.2 percentage points from the prior year. Children born out-of-wedlock in FFY 2018 reached 169,561 compared to 159,106 paternities established or acknowledged in FFY 2019. California receives the maximum amount of federal incentive payments for this measure. See Tables A and A-1 on pages 7 and 8.

<sup>&</sup>lt;sup>1</sup> This percent is calculated from data reported on the annual OCSE 157 Report, Line 9 (Children in the State With Paternity Established or Acknowledged During the FFY), divided by Line 8a (Children in the State Born Out-of-Wedlock During the Prior Year). For this calculation, the denominator represents data from a prior period, therefore it is possible for Paternity Establishment Percentage (PEP) to be greater than 100 percent. The minimum federal performance threshold is 50 percent.

SOURCE: OCSE 157 Line 9 (Children in the State with Paternity Established or Acknowledged During the Federal Fiscal Year) and Lines 8a (Children in the State Born Out-of-Wedlock During the Prior Year) - Vital Records (VR) Data Fiscal Year) and Lines 8a (Children in the State Born Out-of-Wedlock During the Prior Year) - Vital Records (VR) Data For this calculation, the denominator represents data from a prior period, therefore it is possible for Paternity Establishment Percentage (PEP) to be greater than 100 percent. Due to adjustments made to the OCSE 157, line 9 statewide total count was reduced by 29; therefore, the sum of the individual LCSA data for line 9 will not equal the statewide total.

\*No activity reported by Vital Records or no birthing hospital for the LCSA or an individual county in a regionalized LCSA; therefore, Statewide PEP cannot be calculated.

DEPARTMENT OF CHILD SUPPORT SERVICES FEDERAL FISCAL YEAR 2019

SOURCE: OCSE 157 Line 9 (Children in the State with Patemity Established or Acknowledged During the Federal Fiscal Year) and Lines 8a (Children in the State Born Out-of-Wedlock During the Prior Year) - Vital Records (VR) Data

For this calculation, the denominator represents data from a prior period, therefore it is possible for Patemity Establishment Percentage (PEP) to be

red this calculation, the denorminator represents data normal principles and, therefore it is possible for rate intry Establishment recentage (FEP) to be greater than 100 percent.

NOTE: Reporting the regionalization of Merced/Mariposa and Humboldt/Trinity did not begin until October 2016, therefore prior data is not applicable (n/a).

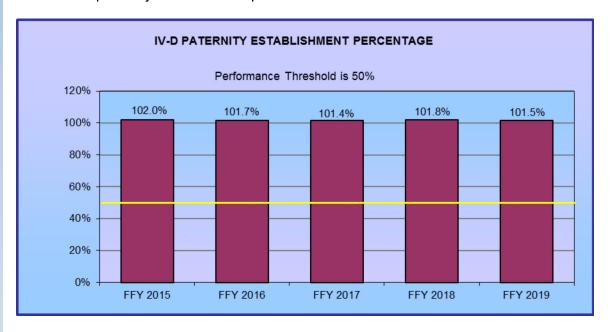

\*No activity reported by Vital Records or no birthing hospital for the LCSA or an individual county in a regionalized LCSA; therefore, Statewide PEP cannot be calculated.

# IV-D PATERNITY ESTABLISHMENT PERCENTAGE

The Federal Performance Measure for IV-D Paternity Establishment Percentage (IV-D PEP) measures the ratio of the total number of children in the IV-D caseload in the FFY for whom paternity has been established or acknowledged, to the total number of children in the IV-D caseload at the end of the preceding FFY who were born out-of-wedlock, expressed as a percentage.<sup>2</sup>

Though California elects to use Statewide PEP as its Federal Performance Measure, IV-D PEP is provided to LCSAs in comparative data reports to monitor additional elements of paternity establishment performance at the local level.

In FFY 2019, IV-D PEP was 101.5 percent, a slight decrease of 0.3 percentage points from the previous year. See Tables B and B-1 on pages 11 and 12.

<sup>&</sup>lt;sup>2</sup> This percent is calculated from data reported on the annual OCSE 157 Report Line 6 (Children in IV-D Cases Open During or at the End of the FFY with Paternity Established or Acknowledged), divided by Line 5a (Children in IV-D Cases Open at the End of the Prior FFY Who Were Born Out-of-Wedlock). For this calculation, the denominator represents data from a prior period, therefore it is possible for Paternity Establishment Percentage (PEP) to be greater than 100 percent. The minimum federal performance threshold is 50 percent.

SOURCE: OCSE 157 Lines 5a (Children in IV-D Cases Open at the End of the Prior Federal Fiscal Year Who Were Born Out-of-Wedlock) and 6 (Children in IV-D Cases Open During or at the End of the Federal Fiscal Year With Paternity Established or Acknowledged)
For this calculation, the denominator represents data from a prior period, therefore it is possible for Paternity Establishment Percentage (PEP) to be

greater than 100 percent.

Due to adjustments made to the OCSE 157, lines 5a and 6 statewide total counts were reduced by 2,623 and 3,379, respectively. Therefore, the sum of the individual LCSA data for lines 5a and 6 will not equal the statewide total.

SOURCE: OCSE 157 Lines 5a (Children in IV-D Cases Open at the End of the Prior Federal Fiscal Year Who Were Born Out-of-Wedlock)

and 6 (Children in IV-D Cases Open During or at the End of the Federal Fiscal Year With Paternity Established or Acknowledged)
For this calculation, the denominator represents data from a prior period, therefore it is possible for Paternity Establishment Percentage (PEP)

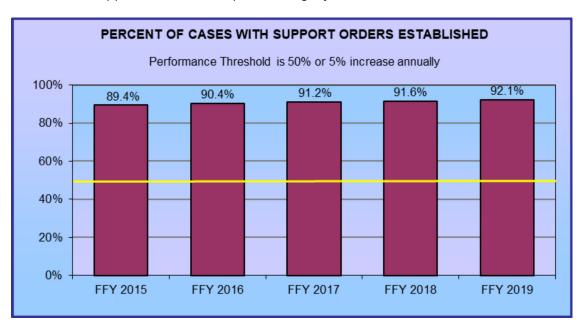

to be greater than 100 percent.

NOTE: Reporting the regionalization of Merced/Mariposa and Humboldt/Trinity did not begin until October 2016, therefore prior data is not applicable (n/a).

# PERCENT OF CASES WITH SUPPORT ORDERS ESTABLISHED

This Federal Performance Measure determines the percent of child support cases in which a child support order has been established.<sup>3</sup> Support orders are defined as legally established, enforceable orders, including orders for medical support. Established support orders are required to legally enforce collections.

In FFY 2019, the number of cases statewide was approximately 1.13 million. Approximately 1.04 million cases, or 92.1 percent of those cases had support orders established. Cases with Support Orders Established increased by 0.5 percentage points between FFY 2018 and FFY 2019. Performance in this measure has continued to increase. California receives the maximum amount of federal incentive payments for this measure. See Tables C and C-1 on pages 15 and 16.

<sup>&</sup>lt;sup>3</sup> This percent is calculated from data reported on the annual OCSE 157 Report, Line 2 (Cases Open at the End of the FFY with Support Orders Established), divided by Line 1 (Cases Open at the End of the FFY). The minimum federal performance threshold is 50 percent.

Support Orders Established)

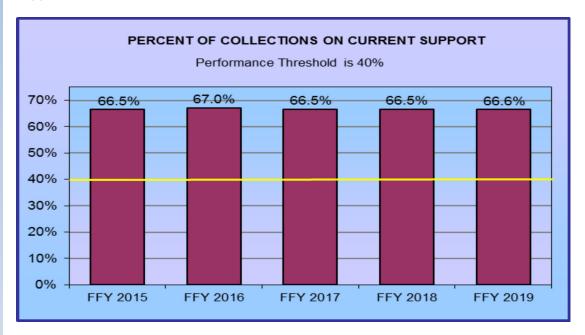

NOTE: Reporting the regionalization of Merced/Mariposa and Humboldt/Trinity did not begin until October 2016, therefore prior data is not applicable (n/a).

# PERCENT OF COLLECTIONS ON CURRENT SUPPORT

This Federal Performance Measure determines the percentage of current support collected and distributed, compared to the total amount of current support owed, expressed as a percentage.<sup>4</sup>

Current Assistance, Former Assistance and Never Assistance cases, cases with cash medical support payments, and cases closed during the report period with current support due are all included in the measure.

In FFY 2019, California collected and distributed 1.65 billion or 66.6 percent of the 2.48 billion in current support owed. This is an increase of 0.1 percentage point from FFY 2018. See Tables D and D-1 on pages 19 and 20.

<sup>&</sup>lt;sup>4</sup> This percent is calculated from data reported on the annual OCSE 157 Report, Line 25 (Total Amount of Support Distributed as Current Support During the FFY), divided by Line 24 (Total Amount of Current Support Due for the FFY). The minimum federal performance threshold is 40 percent.

SOURCE: OCSE 157 Lines 24 (Total Amount of Current Support Due for the Federal Fiscal Year) and 25 (Total Amount of Support Distributed

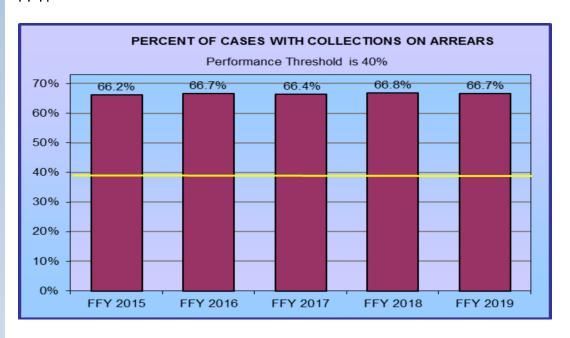

as Current Support During the Federal Fiscal Year)

NOTE: Reporting the regionalization of Merced/Mariposa and Humboldt/Trinity did not begin until October 2016, therefore prior data is not applicable (n/a).

# PERCENT OF CASES WITH COLLECTIONS ON ARREARS

This Federal Performance Measure captures the percent of child support cases that owe past due child support (arrears) in which at least one qualifying payment was made toward that arrearage during the FFY.<sup>5</sup> (An arrearage is reported any time a current support payment is missed.) The measure includes Current Assistance, Former Assistance, and Never Assistance cases, as well as cases closed during the FFY.

In FFY 2019, California's performance for this measure was 66.7 percent. The Percent of Cases with Collections on Arrears decreased by 0.1 percentage point from FFY 2018 to FFY 2019. See Tables E and E-1 on pages 23 and 24.

<sup>&</sup>lt;sup>5</sup> This percent is calculated from data reported on the annual OCSE 157 Report, Line 29 (Cases Paying Toward Arrears During the FFY), divided by Line 28 (Cases with Arrears Due During the FFY). The minimum federal performance threshold is 40 percent.

# **COST EFFECTIVENESS**

This Federal Performance Measure demonstrates the efficiency of the Child Support Program by comparing money collected to the cost of the program. The performance measure is a ratio of total distributed child support collections and fees retained by other agencies during the FFY to the total administrative costs of the IV-D Program.<sup>6</sup> This administrative cost is measured by expenditures, not amounts budgeted or allocated. The total amount of distributed collections includes current support and arrears, interest, recoupment of aid paid, and fees retained by other states during the FFY.

In FFY 2019, California achieved a Cost Effectiveness ratio of \$2.51.

The LCSAs Cost Effectiveness are calculated by comparing county collections with county costs, excluding any state level administrative costs or statewide system development costs. Consequently, local collection-to-cost ratios are generally higher than the statewide ratio.

Individually, the LCSAs' performance for Cost Effectiveness ranged from a high of \$4.86 to a low of \$1.57. See Tables F and F-1 on pages 27 and 28.

<sup>&</sup>lt;sup>6</sup> The cost effectiveness dollar figure is calculated from the data reported on the OCSE 34 Report, Line 4b (Collections Sent to Other States or Tribes) plus Line 4c (Collections Sent to Other Countries) plus Line 8 (Total Distributed Collections) plus Line 11 (Fees Retained by Other States), divided by the sum of the OCSE 396 Report, Line 7 (Total Costs Claimed) minus Line 1c (Administrative Costs: Non IV-D). The minimum federal performance threshold is \$2.00.

# STATE PERFORMANCE MEASURES

# PERCENT OF CASES WITH COLLECTIONS OF CURRENT SUPPORT

This State Performance Measure determines the percent of cases in the IV-D caseload receiving payment for current support compared to the total number of cases with current support due.<sup>7</sup> Unlike the Federal Performance Measure of Collections on Current Support, this measure evaluates the number of cases owed and receiving current support, not the total dollar amounts owed and received.

In FFY 2019, 432,654 cases paid toward current child support of the 527,090 cases with current support due. This equates to 82.1 percent of cases paying current support in California in FFY 2019, a decrease of 0.2 percentage points from FFY 2018. See Tables G and G-1 on pages 31 and 32.

\_

<sup>&</sup>lt;sup>7</sup> The performance level for this measure is calculated from data reported on the CS 1257 Report, Line 45 (Cases Paying Toward Current Support During the FFY), divided by Line 44 (Cases with Current Support Due During the FFY).

DEPARTMENT OF CHILD SUPPORT SERVICES FEDERAL FISCAL YEAR 2019

SOURCE: CS 1257 Lines 44 (Cases With Current Support Due During the Federal Fiscal Year) and 45 (Cases Paying

Toward Current Support During the Federal Fiscal Year)

Due to adjustments made to the CS 1257, lines 44 and 45 statewide total counts were reduced by 6,871 and 4,436, respectively. Therefore, the sum of the individual LCSA data for lines 44 and 45 will not equal the statewide total.

NOTE: Reporting the regionalization of Merced/Mariposa and Humboldt/Trinity did not begin until October 2016, therefore prior data is not applicable (n/a).

# AVERAGE AMOUNT DISTRIBUTED PER CASE WITH A COLLECTION

This State Performance Measure determines the average amount distributed per case for all cases with a collection. The measure represents the unduplicated annual count of child support cases with at least one collection of support compared to the total amount of distributed collections (current support and arrears) during the report period.<sup>8</sup>

California's total child support distributed was approximately \$2.5 billion in FFY 2019. When applying the 696,807 cases with a collection, the state averaged \$3,601 distributed per case, an increase of \$107 from the prior FFY. Since FFY 2015, the statewide average distribution per case has increased by 9.5 percent.

For FFY 2019, the average amount distributed per case with a collection for individual counties ranged from a high of \$4,825 to a low of \$1,620. See Tables H and H-1 on pages 35 and 36.

Additionally, FC Section 17600(b)(6) requires this report to contain information as to the total child support distributed during the current FFY, broken down by Current Assistance, Former Assistance, and Never Assistance. See Table I on page 38 of this report.

\_

<sup>&</sup>lt;sup>8</sup> The performance level for this measure is calculated from the sum of data reported on the annual OCSE 157 Report, Line 25 (Total Amount of Support Distributed as Current Support During the FFY) and Line 27 (Total Amount of Support Distributed as Arrears During the FFY), divided by Line 18 (Cases with Collections During the FFY).

SOURCE: OCSE 157 Lines 25 (Total Amount of Support Distributed as Current Support During the Federal Fiscal Year) and 27 (Total Amount of Support Distributed as Arrears During the Federal Fiscal Year)

## PERCENT OF CASES WITH A SUPPORT ORDER ESTABLISHED DURING REPORT PERIOD

This State Performance Measure determines the number of cases that had a child support order established during the FFY, compared to the number of cases open at the end of the period requiring the establishment of a support order, expressed as a percentage.<sup>9</sup>

California established support orders in 34.9 percent of cases needing an order during FFY 2019, an increase of 1.0 percentage points from FFY 2018. A total of 62,407 cases with support orders were established during the reporting period. See Tables J and J-1 on pages 40 and 41.

<sup>&</sup>lt;sup>9</sup> The performance level for this measure is calculated from data reported on the annual OCSE 157 Report, Line 17 (Cases with Support Orders Established During the FFY), divided by the sum of Line 12 (Cases Open at the End of the FFY Requiring Services to Establish an Order) and Line 17 (Cases with Support Orders Established During the FFY).

With Support Orders Established During the Federal Fiscal Year)
NOTE: Reporting the regionalization of Merced/Mariposa and Humboldt/Trinity did not begin until October 2016, therefore prior data is not

# PERCENT OF CASES REQUIRING A SUPPORT ORDER WITH ALLEGED FATHERS OR OBLIGORS SERVED WITH A SUMMONS AND COMPLAINT

The purpose of this State Performance Measure is to determine the percent of cases requiring a support order with the alleged fathers or obligors served with a summons and complaint to establish paternity or a support order. <sup>10</sup> The court process requires that the alleged father or obligor must be served with a summons and complaint (either in person or by certified mail) to legally establish paternity or to establish an order for child support.

In FFY 2019, a total of 55,072 cases with alleged fathers or obligors were successfully served with a summons and complaint, in comparison to 178,762 cases requiring a support order, which amounts to 30.8 percent of the cases. This is an increase of 1.2 percentage points from FFY 2018. See Tables K and K-1 on pages 44 and 45.

. .

<sup>&</sup>lt;sup>10</sup> The performance level for this measure is calculated from data reported on the CS 1257 Report, Line 43 (Number of Cases with Alleged Fathers or Obligors Successfully Served with a Summons and Complaint During the FFY), divided by the sum of Line 12 (Cases Open at the End of the FFY Requiring Services to Establish an Order) and Line 17 (Cases with Support Orders Established During the FFY) of the annual OCSE 157 Report.

SOURCE: OCSE 157 Lines 12 (Cases Open at the End of the Federal Fiscal Year Requiring Services to Establish an Order) and 17 (Cases With Support Orders Established During the Federal Fiscal Year); and CS 1257 Line 43 (Number of Cases with Alleged Fathers or Obligors Successfully Served With a Summons and Complaint During the Federal Fiscal Year)

NOTE: Reporting the regionalization of Merced/Mariposa and Humboldt/Trinity did not begin until October 2016, therefore prior data is not applicable (n/a).

## PERCENT OF CASES WITH SUPPORT ORDERS ESTABLISHED WITH MEDICAL SUPPORT ORDERED AND PROVIDED

This State Performance Measure determines the percent of cases in the child support caseload for which medical support has been ordered and provided. <sup>11</sup> Current Assistance, Former Assistance, Never Assistance cases, and cases that are closed during the FFY are included in this measure.

In FFY 2019, California had 779,606 cases with support orders established (minus arrears-only cases). Cases with medical support ordered and provided totaled 302,945 or 38.9 percent of the cases with support orders. This represents a decrease 0.8 percentage points from FFY 2018.

Individual county results range from a high of 57.6 percent to a low of 29.7 percent in FFY 2019. See Tables L and L-1 on pages 48 and 49.

-

<sup>&</sup>lt;sup>11</sup> The performance level for this measure is calculated from data reported on the annual OCSE 157, Line 21a (Cases Open at the End of the FFY in Which Medical Support is Ordered and Provided), divided by Line 2 (Cases Open at the End of the FFY with Support Orders Established) minus Line 2e (Arrears-Only IV-D Cases With Orders Established Open at the End of the FFY).

NOTE: Reporting the regionalization of Merced/Mariposa and Humboldt/Trinity did not begin until October 2016, therefore prior data is not applicable (n/a).

#### **COMPARISON OF RECEIVED COMPLAINTS TO CASES**

This State Performance Measure shows a comparison of complaints to the caseload for each LCSA.<sup>12</sup> The purpose of this information is to assess effectiveness of case management for each county's Child Support Program. The comparison utilizes county caseload and computes the number of complaints per 10,000 cases.

FC Section 17800 requires the maintenance of a uniform complaint resolution process within the LCSAs. To ensure uniform complaint resolution data tracking and reporting, DCSS developed the Complaint Resolution Tracking System (CRTS). All LCSAs are required to use CRTS to enter complaint data. The chart below only reflects total statewide complaints by FFY.

In FFY 2019, 882 complaints were filed and recorded in the DCSS CRTS for approximately 1.13 million open child support cases. From FFY 2018 to FFY 2019 statewide complaints decreased by 9.4 percent. From FFY 2015 to FFY 2019 statewide complaints have decreased by 24.9 percent. Sixteen counties received no complaints during FFY 2019. See Tables M and M-1 on pages 52 and 53.

<sup>&</sup>lt;sup>12</sup> Complaint information is based on the Complaint Resolution Tracking System (CRTS) Complaint Activity Report, and caseload is based on data reported on the annual OCSE 157 Report, Line 1 (Cases Open at the End of the FFY).

#### II. PROGRAM ADMINISTRATION

#### **Description of Program Administration**

DCSS is responsible for direct oversight, supervision, and funding of local child support agency (LCSA) operations to ensure an efficient and effective statewide child support program. A sound methodology and process to allocate administrative funds to the LCSAs to support their efforts in administering the program is critical to overall program success. The appropriateness of resource allocation in support of LCSAs operations greatly impacts the ability to accurately assess local agencies and statewide performance of the Child Support Program.

#### **Program Administration Data**

Family Code Section 17600(c)(4) requires DCSS to report various program fiscal and administrative data for LCSAs. The required state program data elements are as follows:

#### Total Costs of Program Administration – FC Section 17600(c)(4)

The total cost of administering the local child support agencies, including the federal, state, and county share of the costs, and the federal and state incentives received by each county.

#### Total Direct Program Costs – FC Section 17600(c)(4)(A)

The direct costs of the program broken down by total employee salaries and benefits, contractor costs, space charges, and payments to other county agencies.

<u>Total Full-Time Equivalent (FTE) Employees – FC Section 17600(c)(4)(A)</u> In addition to direct program costs, this section also requires a list of the number of employees broken down into at least the following categories: attorneys, administrators, caseworkers, investigators, and clerical support.

#### Total Indirect Program Costs - FC Section 17600(c)(4)(B)

The indirect costs of the program (all overhead charges).

#### **Total Costs of Program Administration**

Total costs of administering each LCSA, including the federal and non-federal shares are reported for State Fiscal Years (SFYs) 2013-14, 2014-15, 2015-16, 2016-17, 2017-18 and 2018-19. These costs are displayed on the Program Administration tables. These tables also display FTE staffing data by job category. See pages 59, 61, 63, 65, 67 and 69.

The total statewide administrative cost for operation of all local child support agencies is displayed in the following table. The child support administrative costs are primarily funded by federal financial participation, federal incentives, and a State General Fund allocation pursuant to FC Section 17704(b)(2)(B)(i).

#### **Total Program Costs by Funding Source**

(in millions)

| SFY                  | Federal<br>Incentives | State General Fund <sup>1</sup> | Federal<br>Participation | TOTAL          |
|----------------------|-----------------------|---------------------------------|--------------------------|----------------|
| 2013-14              | \$39.3                | \$234.9                         | \$455.9                  | \$730.1        |
| 2014-15              | \$40.4                | \$234.8                         | \$455.9                  | \$731.1        |
| 2015-16              | \$41.1                | \$238.9                         | \$463.8                  | \$743.8        |
| 2016-17              | \$41.8                | \$244.0                         | \$473.7                  | \$759.5        |
| 2017-18 <sup>2</sup> | \$42.3                | \$242.6                         | \$470.8                  | \$755.7        |
| 2018-19 <sup>2</sup> | \$42.7                | \$246.9                         | \$479.4                  | <i>\$769.0</i> |

<sup>&</sup>lt;sup>1</sup> Includes county general funds used to draw down federal financial participation.

In the table above, the State General Fund column includes all state and county general fund monies used to draw down matching Federal Financial Participation. The Federal Participation column includes the Federal Financial Participation drawn by the state and county general fund. The Federal Incentives column represents the actual or estimated amount of Federal Incentive monies available to the Program based on the five federal performance measures. Estimated incentives are used until final numbers are provided by the Federal government.

#### **Total Direct Program Costs**

The direct costs of the LCSAs are broken down by total employee salaries, direct service contracts, space, payments to other county agencies, and other direct costs for SFYs 2013-14, 2014-15, 2015-16, 2016-17, 2017-18 and 2018-19. Other direct costs include automation, travel, and operating expenses. These costs are displayed in Direct Cost tables and reflect actual amounts reported by LCSAs. See pages 58, 60, 62, 64, 66 and 68.

The data presented for SFYs 2013-14, 2014-15, 2015-16, 2016-17 and 2017-18 is based on figures reported on the CS 921 LCSA IV-D Program Budget Display reports, a budgeting tool used by local agencies to report administrative expenses and staffing levels in conformance with federal and state guidelines. The CS 921 report is also used by DCSS to collect baseline information and to assist with the preparation of annual allocations for the LCSAs. Data is reported annually by local agencies and represents actual costs and staff as reported in local county budgets and not tied to specific county allocations or expenditures.

The data presented for SFY 2018-19 reflects actual expenditures reported on the Administrative Expenditure Claim (AEC) CS 356, an expenditure claiming tool used by local agencies to report their expenditures. The AEC CS 356 tool is used by DCSS to collect actual expenditure information from LCSAs on a quarterly basis during the state fiscal year.

#### **Total Full-Time Equivalent Employees**

This data element identifies the actual FTE positions in LCSAs for SFYs 2013-14, 2014-15, 2015-16, 2016-17, 2017-18 and 2018-19, broken down by attorneys, administrators, caseworkers, investigators, clerical support, and other staff.

<sup>&</sup>lt;sup>2</sup>Estimated Incentives – Program Costs will be adjusted upon receipt of actual incentives.

Other staff includes: automation staff and staff for targeted programs such as customer service, ombudsperson program, and training programs. The actual positions reported here have been approved in local child support program budgets. See pages 59, 61, 63, 65, 67 and 69.

The CS 921 budget template form includes definitions to delineate the functions performed by child support staff in each of the staffing categories. The following provides highlights of the detailed functional definitions by job category:

<u>Attorneys</u> - Staff licensed and performing specific duties in direct support of the Child Support Program, including, but not limited to, court appearances, motion filing, order modifications, lien releases, and legal advice on program policy and procedures. All legal functions, including those performed by law clerks and paralegals, are included here.

<u>Administrators</u> - Administrators include directors, program managers, administrator/business managers, fiscal managers, and human resources managers.

<u>Caseworkers</u> - Caseworkers include all staff responsible for activities directly related to casework including, but not limited to, interviewing case participants, maintaining and updating case control logs, performing notary duties, and negotiating child support payments. Caseworker supervisors also are included in this category.

<u>Investigators</u> - Staff performing non-criminal investigation activities in direct support of casework (non-sworn peace officer duties) are considered investigators. Investigator supervisors also are included in this category.

<u>Clerical Support</u> - Clerical support includes all local agency staff performing clerical duties such as filing and word processing. This includes administrative support, such as executive secretaries, secretaries, PBX/mail/file clerks, and account clerks.

<u>Other Staff</u> - Other staff includes all staff performing targeted program functions such as automation, customer service, ombudsperson, quality assurance, program improvement, compliance reviews, complaint resolution and state hearing processes, training, and customer and community outreach.

#### **Total Indirect Program Costs**

This data element identifies the indirect costs of the LCSAs for SFYs 2013-14, 2014-15, 2015-16, 2016-17, 2017-18 and 2018-19. Indirect cost tables reflect total indirect costs, as authorized in local budgets for the LCSAs broken down by the countywide overhead costs. Indirect program costs are countywide overhead costs that are estimated administrative expenses planned for each department in the county for a given fiscal year. Adjustments are made in following years if the department paid more than the actual expenses and the credit is used in subsequent years. See pages 58, 60, 62, 64, 66 and 68.

<sup>&</sup>lt;sup>13</sup> Includes 2CFR, Part 200, Appendix V costs only.

#### III. PERFORMANCE IMPROVEMENT

Pursuant to Family Code Section 17701, the Department of Child Support Services (DCSS), in consultation with representatives from local child support agencies (LCSAs), have established an annual strategic planning process that incorporates statewide standards and implements actions necessary to promote the delivery of enhanced program services and to improve performance.

The DCSS FFY 2015–2019 Strategic Plan focuses on supporting California's children by strengthening parental responsibilities; ensuring that child support is income on which children and families can rely; emphasizing excellent and consistent customer service; strengthening existing partnerships; and building bridges to new collaborations within the government and with external stakeholders.

Additionally, the Plan establishes statewide performance targets linked to key programmatic practice indicators. Each LCSA is required to develop and submit individual Performance Management Plans (PMPs) annually. For FFYs 2018 and 2019, LCSAs were specifically asked to focus on increasing collections and building collaborative partnerships within their communities in addition to practice indicators they identified to improve local service delivery. PMPs include a wide variety of strategies that LCSAs use to improve their practices, such as business process redesign, early intervention, shared services, and delinquency prevention activities.

#### IV. DEFINITIONS

California's Child Support Program operates within an elaborate federal and state statutory and regulatory construct. There are many terms used within the program that have specific meanings and are reflected in the federal and state performance measures. Terms commonly used in the performance measures are:

- IV-D Program The state child support enforcement program, enacted under Title IV-D of the federal Social Security Act, locates non-custodial parents or putative fathers; establishes paternity; establishes, modifies, and enforces child support and medical support orders; and collects and distributes child support payments.
- IV-D Case A parent (mother, father, or putative father) who is now, or eventually may be, obligated for the support of a child or children receiving services under the Title IV-D Program. A parent is reported as a separate IV-D case for each family with a dependent child or children that the parent may be obligated to support. If both parents are absent and liable or potentially liable for support of a child or children receiving services under the Title IV-D Program, each parent is considered a separate IV-D case.
- Current Assistance Case A case where the children are: (1) recipients of California Work Opportunity and Responsibility to Kids (CalWORKs)/ Temporary Assistance for Needy Families (TANF) under Title IV-A of the Social Security Act, or (2) entitled to Foster Care maintenance payments under Title IV-E of the Social Security Act. In these cases, the children's support rights have been assigned by a caretaker relative to the state and a referral to the State IV-D Program has been made. A case where at least one child is currently receiving assistance is reported as a "current assistance" case.
- Former Assistance Case A case where the children formerly received Title IV-A benefits (Aid to Families with Dependent Children (AFDC)), the former welfare program, or TANF/CalWORKs or IV-E Foster Care services. A case where some children are former assistance, and some are never assistance is reported as a "former assistance" case.
- Never Assistance Case A case where the children are receiving services under the Title IV-D program but do not and have not previously received assistance under Titles IV-A or IV-E of the Social Security Act.
- Medical Support Medical support is the legal obligation of a parent to provide health coverage for a child or children. This includes: (1) payment of health insurance premiums, (2) payment of medical bills, or (3) cash payments for health insurance and/or medical bills. Either the custodial or the non-custodial parent may be ordered to provide medical support.

- Support Order The legal establishment of: (1) an amount of money that is due and owed by a parent for the support of the parent's children, and/or (2) the responsibility to provide health insurance and/or medical support for those children. A support order is established through a court order, administrative process, or other legal process.
- Paternity The legal establishment of fatherhood for a child born to unwed parents either by court determination, administrative process, or voluntary acknowledgement. A voluntary acknowledgement of paternity is the legal establishment of fatherhood by written declaration, signed by both parents either at the hospital when the child is born or at other authorized locations.
